The Campsite has been owned and operated since 1967 by the Town of Waverly in St. Regis Falls, NY. In this brochure you will find the Rules and Regulations for its usage, a list of facilities available, and some of the attractions that are found nearby.

In the Campsite you will find excellent Trout fishing, several miles of scenic trails, and a beautiful 150 ft. footbridge spanning across the St. Regis River below the waterfalls. At the entrance to the Campsite is the Town Museum with early lumbering, railroad, and farming artifacts from the area.

Northern Pike, Bass, and Bullhead fishing are rated excellent above the dam and have excelled in recent years. A boat is recommended for still-water fishing or trolling above the dam.
